FREESTANDING COOKERS ITALIAN STYLE

NUOVA LOFRA HAS AN ITALIAN HEART

This company, managed by an important Multinational Group, is, more than ever, the best example of made in Italy in the kitchen; all this thanks to the excellence of its products, the advanced technological research of its solutions and the care for details. Moreover, the company can count on the innovative force of its ideas, and the creative talent of its design, on the men and women who, work every day with passion and professionalism to guarantee the identity and character of each product. Above all, the company offers an innate sense of the traditional beauty and superior quality characterising the Italian Good Taste in the world and making the Nuova Lofra brand unique in the international market.

The new factory, with its covered 33.000 squared meters, certifies unequivocally the strong will to grow that animates Lofra world. A new productive reality intended to re-launch the Brand all over the world.

THE INGREDIENTS FOR A SUCCESSFUL ENTERPRISE

The quality of materials, selected with an eye to function and environmental friendliness, the wide range of solutions developed by advanced research & development activities to satisfy all needs, the creativity, expressed through refined design and clever shapes, maximum and total safety, certified by the best certifying bodies in the field, the best performance at the smallest price, the talent in combining the excellence attained by a company with a 60-year history and the good taste of world-renown Italian cuisine are the main features of Nuova Lofra. They are also the secret of its success on the market.

CLASS A

All Lofra electrical cookers are rated "A" for energy efficiency confirming the optimum ratio between consumption and performance.

MAIN FEATURES

SERIE III BURNER

The Sabaf Serie III new burners give exceptional performances with no equal in the world: the highest efficiency and minimum emissions.

FLAME FAILURE DEVICE

All cookers meet CEE regulations relevant to safety and each burner is protected by a flame failure device that immediately cuts off gas supply in the event that the flame blows out.

CAST IRON PAN SUPPORTS

Unchangeable over time and easy to clean. Recommended for frequent use of the hotplate.

ONE-HAND ELECTRIC IGNITION

A practical device that allows single-handed ignition using the control knobs.

FULL GLASS
All Lofra cookers have the oven's inner door "Full Glass" with stainless steel profiles.

LITRE CAPACITY
Lofra ovens are designed to provide increased capacity to accommodate the largest dishes.

TEMPERED TRIPLE GLAZED OVEN DOOR
Made up of three panels of glass, creating a semi-sealed chamber and a second chamber with an air current. It dramatically reduces the external surface temperature of the oven ensuring safety and reducing energy consumption.

STURDINESS
Lofra is a sturdy cooker, as its width shows; it expresses resistance, strength and sturdiness at the highest levels. A guarantee of reliability over time.

COOKING FUNCTIONS

GAS OVEN

VENTILATED GAS OVEN

The uniformity of temperature is provided by a fan. Excellent for cooking where a uniform distribution of heat and constant temperature is necessary.

ELECTRIC OVEN

MULTI-FUNCTION OVEN

Lofra ovens offer up to eleven cooking programs that can meet the requirements of the most creative cooking.

PROGRAM YOUR COOKING

GAS OVEN

ONE-HAND DIGITAL PROGRAMMER

It is possible to programme when the oven switches on to cook at your convenience.

DIGITAL MINUTE MINDER AND CLOCK

ELECTRIC OVEN

ONE-HAND DIGITAL PROGRAMMER BY LOFRA

It is possible to preset when the oven switches on thanks to an easy to use digital programmer.

TIMER

Device that allows you to programme cooking times.

OPTIONS

GLASS LID

Removable tempered glass lid. It is exclusive, thanks to the Lofra's special patent: the balanced hinge makes opening and closing easier. **optional:** curva/professional/newmaxima

EASY TO CLEAN

The internal surface of the oven is smoother and easier to clean, due to Lofra's unique enamel coating.

COOLING FAN

It prevents hot air from damaging close to kitchen furniture. Cold air enters the oven door from below and warm air vents out through a slot above the handle.

TELESCOPIC SHELVES SUPPORTS

Special guides prevent the overturning of trays, grilles and spits with a load up to 15 kg while also permitting easy access for turning and basting.

OPTIONS

RADIANT GRILL

The grill element is seated behind ceramic glass. It heats up and cooks quickly, reduces energy consumption and is easy to clean. It also facilitates a gas cooking solution to obtain the perfect browning and crispiness.

I SERIE BURNER

The I Serie burner has a high level of efficiency and minimum gas emissions. In accordance with EEC Gas Safety Directive, the burner is protected by the GAS-STOP system, which allows a timely cut-off of gas supply whenever the flame burns out.

ACCESSORIES

CAST IRON GRIDDLE

TEPPANYAKI

WOK ADAPTOR

GRILL PAN AND HANDLE

FINISHING

STAINLESS STEEL

Skilled polishing turns the steel top into a completely smooth and acid-proof surface making it more resistant to scratching and easy to clean.

BRUSHED STAINLESS STEEL

Steel is pressed in one piece making cleaning easier.

TOP

FIORE

LUXURY

SIDE WOK BURNER

CURVA

All the creativity of the steel, expressed in the soft movement of a line that becomes a dynamic curve, transforming an everyday object in emotion.

An innovative insight that challenges technology and reinterprets the tradition, experimenting a design full of energy and vitality, strong and gentle at the same time.

A line of great personality that combines the distinctive characteristics of the Lofra cookers to the pleasure of playing with the emotional aspects of contemporary aesthetics

CURVA PROFESSIONAL

All "Curva Professional" cookers 120 and 90 cms are also available in Black mat, Burgundy, Ivory and Pearl white

TRIPLE RING BURNER

Facilitates fast, even cooking for really professional results.

ONE-HAND ELECTRIC IGNITION

A practical device that single handed hotplate ignition using the control knobs.

ONE-HAND DIGITAL PROGRAMMER

Opportunity to program the oven to switch on and off at your convenience.

CAST IRON PAN SUPPORTS

Designed to last and easy to clean, they ensure the highest reliability and convenience.

TELESCOPIC OVEN SHELVES SUPPORTS

No overturning risks, thanks to the possibility to completely remove the shelves, shelf supports and oven furniture.

NEW RANGE OF COLORED COOKERS "RAINBOW COOKERS"

A range of cookers that includes a particular selection of colours, specially chosen to meet the needs of a new way to "dress up" the kitchen, not only with colours, but also with diversified measures. Indeed, every kitchen has its own particular share of "usable space" to devote to cooking, to be therefore completed by a Lofra rainbow cooker.

PROFESSIONAL

A range of cookers that includes a particular selection of dimensions, specially chosen to meet the needs of a new way to “dress up” the kitchen, with diversified sizes.

Indeed, every kitchen has its own particular share of “usable space” to devote to cooking, to be therefore completed by a Lofra Professional cooker.

Dolcevita

DOLCE
VITA

COOKERS

DOLCEVITA

DOLCEVITA

The new DolceVita are a tribute to 60 years of cookers production. A "touch" of tradition, supported by the latest technologies. DolceVita is not only beautiful, it's also precious: knobs and handles are made by metal single block, and the elegant clock allows you to program the cooking. DolceVita range is LOFRA's recent masterpiece: a real collector's item!

FINISHING

Dolcevita is not only beautiful, it's also precious: knobs and handles are completely metal, brush or chrome finish with an extensive use of stainless steel.

DolceVita range, available in different new colours and technical variations is LOFRA's recent masterpiece: a real collector's item. The New "DolceVita" range is a tribute to more than 50 years of cookers production. A "touch" of tradition, supported by the latest technologies.

DolceVita

An atmosphere that reminds to the tradition and warmth of the country houses, where the classic style is at the service of the good cooking, combining “retro” elegance with modern technologies.

Make the most comfortable place in the house even warmer, thanks to the romantic lines of the DolceVita range, that come in different finishes and colors to satisfy the most demanding tastes and last long time.
